

Over There

(Zuzana Lišková)

1.

In the bright moon
I can see you
The stars are falling down

My wishes so true
I have showed you
Here I am calling now
Looking up, standing down

Ref.:

I will never know
Who you are
But I patiently wait for your care
I don't know how
You can help me now
Over there

2.

Where can I hide
In the deep night
You'll see me everywhere

Speaking to me
You help me to be
This is your faithful care
Strong love and endless care

Ref.
