

# Should Have Lived Better

(Zuzana Kristýna Lišková)

## 1.

I have talked to an angel  
Now I'm sitting all alone  
Sitting on a big rock  
Wondering 'bout my ancient home

I've been sleeping a little  
Thinking 'bout my life that ends  
If the God sent me that Angel  
Could he give me one more chance?

## Ref.:

I should have lived better, should have been kind  
Should have been a faithful man but I have been blind  
Should have given more, should have been true  
Now I'll never never get a chance to see you

## 2.

I can see all the wrong ways  
Can't believe I've been so blind  
I had more important matters  
That made busy my poor mind

Oh I've hurt them many times  
They needed love when I've been there  
If I could live again  
I'd give you more of love and care
